17.10-17.30	<i>Coffee break</i>	
17.30-18.30	Jatin Shah	Case presentation I Piero Nicolai Giuseppe Spriano Wojciech Golusinski Tomasz Rutkowski Giovanni Succo

13.05.2016		
Chairmen: Andrzej Kawecki, Giovanni Succo, Angelo Camaioni		
09.00-09.20	Julian Malicki	INPRONKO project- proton therapy in Poland
09.20-09.40	Cai Grau	Proton therapy in Denmark
09.40-10.00	Giuseppe Sanguineti	Evolution of radiotherapy target volumes in head and neck cancer
10.00-10.20	<i>Coffee break</i>	
10.20-10.40	Guy Andry	Quality assurance in head and neck surgery
10.40-11.00	Angelo Camaioni	Transoral laser for early stage laryngeal tumors
11.00-11.20	Roberto Spinato	Thyroid/neck dissection
11.20-11.40	Giorgio Peretti	The role of TLM for intermediate-advanced laryngeal cancer
11.40-12.00	Giovanni Succo	Open partial resection in laryngeal cancer
12.00-12.30	<i>Lunch break</i>	
12.30-12.50	Krzysztof Skłodowski	Towards prediction the outcome of radiation with or without chemotherapy in definitive treatment of head and neck carcinoma patients - Gliwice experiences
12.50-13.10	Adam Maciejewski	First allotransplantation of complex neck organs (larynx, trachea, pharynx, esophagus, thyroid and parathyroid glands and anterior neck wall)
13.10-13.30	Krzysztof Oleś	Microvascular reconstructions of the larynx epiglottis and trachea
13.30-13.50	Henryk Skarżyński	Acoustic neurinoma
13.50-14.10	Paweł Golusiński	HPV positive oropharyngeal cancer in Poland. Prevalence, treatment and prognosis. Results of the retrospective multicenter project
14.10-14.30	<i>Coffee break</i>	
14.30-15.30	Maciej Misiołek	Case presentation II Angelo Camaioni Roberto Spinato Giorgio Peretti Piotr Pieńkowski Łukasz Krakowczyk
15.30	Closing
